## Haddam Volunteer Ambulance Service

### Working in the Community

Members of the Haddam Volunteer Ambulance Service, Inc., (HVAS), work with a number of organizations within our Town. Recently, some of our medical volunteers participated at a medical career day, held at Valley Bible Church, located on Turkey Hill Road. The purpose of this event, which was sponsored by Haddam's local Cub Scout pack, was to showcase various careers in the medical field. Volunteers went on site with the ambulance and offered tours of the ambulance, as well as, explaining what an EMT does. Those in attendance had many questions for our volunteers, who also explained and demonstrated various types of equipment. For example, do you know what a sphygmomanometer is? (Answer at the end of the article).

HVAS volunteers have also worked to prepare a group of Webelos Scouts for their Readyman Activity Badge and plans are in the making for upcoming visits to Haddam Cooperative Nursery School and Haddam Elementary School as well. If you are interested in having HVAS provide information to your organization please let us know.

We at The Haddam Volunteer Ambulance Service, Inc., are you're "Friends for Life" and we are always looking for volunteers interested in serving the residents of our Town. For additional information, please contact us at (860) 345-2500 or visit us at our website at [www.haddamambulance.org](http://www.haddamambulance.org).

In case you were wondering, another name for a sphygmomanometer is blood pressure meter, or BP cuff.
